DD/S

20 September 1962

I have asked Emmett Echols to prepare a recommendation that all Agency personnel in executive positions have their salaries adjusted to \$20,000 immediately upon enactment of the President's pay bill. (I am assuming, of course, that the bill is passed in its present form.)

DD/S [REDACTED]

1. [REDACTED] of DD/R, came down to see me to express his regret at any implication that DD/S units had been uncooperative with DD/R. He said that he felt that he had had complete cooperation and that, if there had been any failure, it was his in not keeping Dr. Scoville better informed. I talked to him about getting a Chief of Support for DD/R; he was receptive but not anxious. He indicated that [REDACTED] might be satisfactory. He had in mind leaving the Chief of Support of the Office of Special Activities in a semi-autonomous position. The new position would be the DD/R Administrative Officer and would handle these matters for both the Office of ELINT and the Office of Research and Development, as well as the immediate Office of the DD/R.

2. Jim Garrison, Gates Lloyd, and I met with [REDACTED] and [REDACTED] of FI/D for a briefing on [REDACTED]. It was agreed that Jim would see that the contract now under consideration was handled without the contracting officer being briefed in any further detail. 25X1A2d1
